

Folly Hill Infant School Sports Premium Funding Report – July 17

What is Sports Funding?

As a Legacy of the London Olympics 2012, the government is providing additional funding of £150 million per annum for the academic years 2013 to 2018 to improve the provision of Physical Education (PE) and sport in primary schools. Indicators suggested that by 2014, 30% of children leaving primary school will be obese. The funding has been provided to promote and encourage children to participate in a range of physical activity both in and out of school in order to prevent these concerning statistics coming to fruition.

PE and Sport Premium funding has been provided jointly by the Department for Education, the Department for Health and Culture and the Department for Media and Sport. It has been allocated to primary school Headteachers and is ring-fenced, meaning that it can only be spent on the provision of PE and sport in schools. The Government believes that Headteachers and school leaders should decide how to use the funding for PE and Sports in school.

They are held accountable for the decisions they make through:

- The performance outcomes of all pupils compared with their peers
- The Ofsted inspection framework, under which inspectors focus on the attainment of pupil groups, in particular in those areas where specific funding has been provided
- The reports that schools are required to publish online for Parents

All primary schools receive a lump sum of £8,000 plus £5 per pupil aged 5 or over on roll. Here at Folly Hill Infant School we aim is to use the funding effectively to ensure that standards of learning and achievement in PE and Sports are raised, with all children, regardless of their background, engaging in physical activity as part of the curriculum and extra-curricular provision.

OUR PHILOSOPHY

We believe that physical activity plays a vital part in developing physically and mentally strong young people. PE sessions are stimulating and challenging and they encourage children to develop positive attitudes and understand the conventions of fair play, honest competition and good sporting behaviour as individual participants, team members and spectators.

AIMS

We aim to:

- provide purposeful physical activity for all children
- develop physical confidence
- engage children in activities which develop cardiovascular health, flexibility, muscular strength and endurance
- teach children how their bodies change during exercise
- develop co-ordination
- teach children the importance of exercise as part of a healthy lifestyle
- make children aware of their physical potential
- encourage creativity through movement and dance
- teach children to work individually and co-operatively
- help develop personal qualities of commitment, fairness, enthusiasm and self-discipline
- promote enjoyment of all physical activities
- encourage safe practice at all times

Folly Hill received £ 8292 for the academic year 2016/2017

Action Plan 2016/17	Actions	Cost
